### REMARKS

In response to the Restriction Requirement of May 2, 2008, Applicant hereby elects Invention I, corresponding to Claims 1-21, 24-36 and 39-59, "drawn to a generating and linking electronic invoice and image". Applicant has canceled Invention II, corresponding to Claims 22-23, 37-38 and 60-61, "drawn to paperlessly distribute to third party and tear pages and invoices that were sold to customers". This cancellation is being made without prejudice to the filing of a divisional application for these claims.

Applicant is not traversing the restriction requirement because Applicant agrees that unpatentability of Invention I would not necessarily imply unpatentability of Invention II.

In view of the above, Applicant respectfully requests favorable examination and allowance of Claims 1-21, 24-36 and 39-59.

Respectfully submitted,
